TEACHING AND LEARNING DURING THE LOCKDOWN

APRIL 2020 PROF. BERNARDI

BIOLOGY ART PREVENTION PROJECT

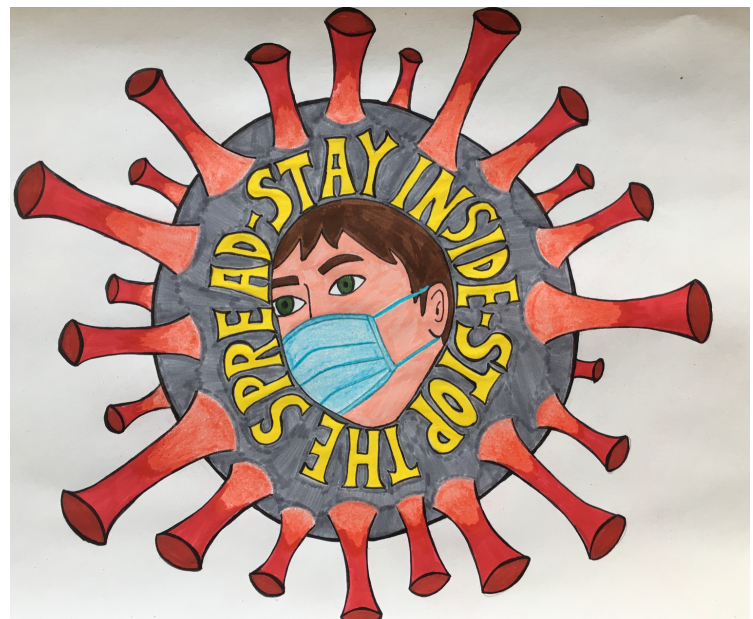

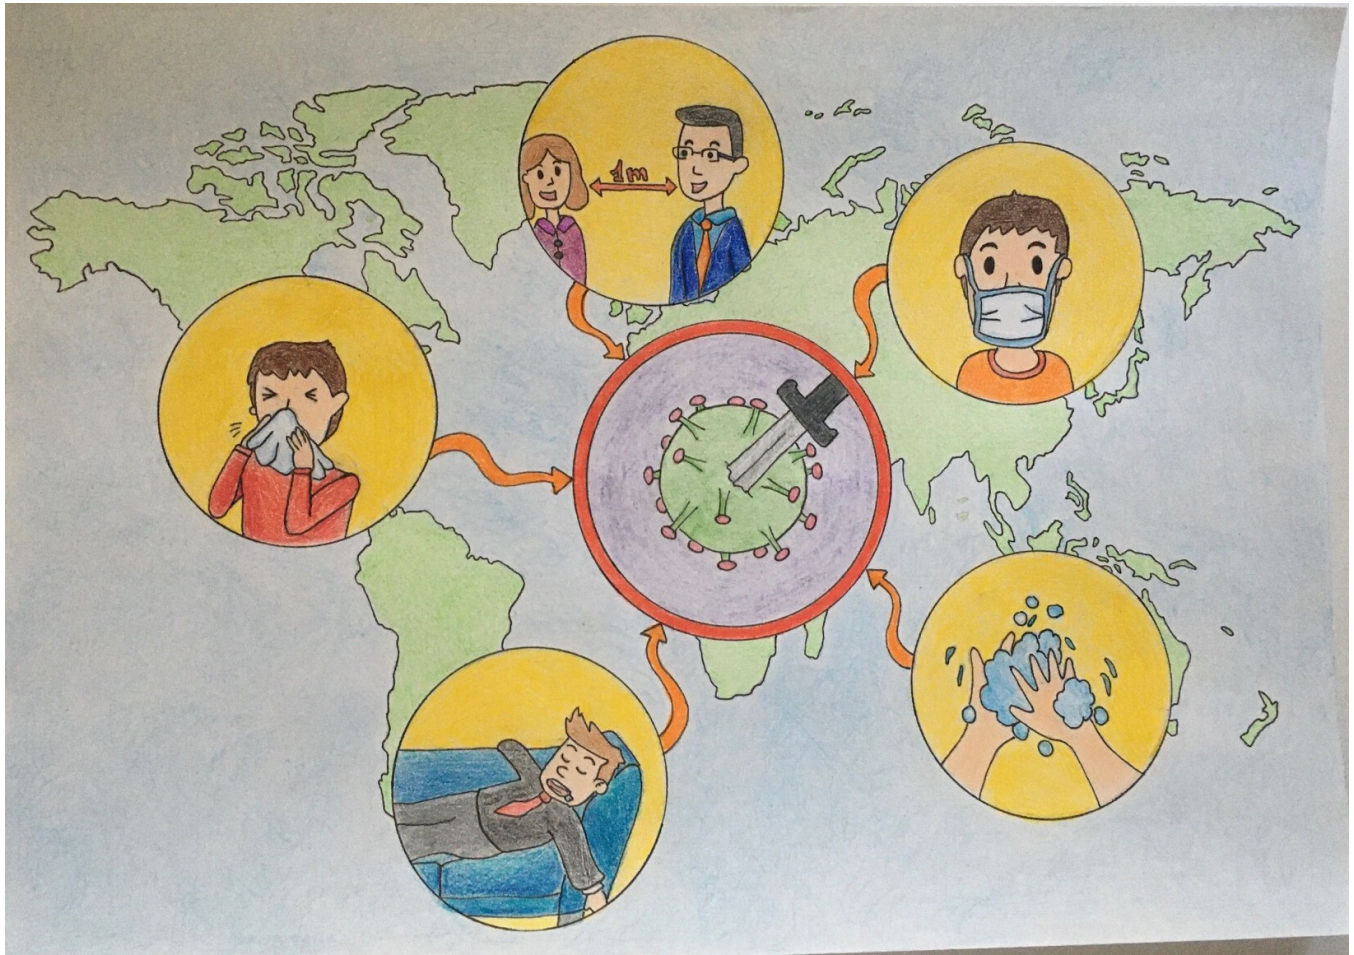

As the second year Cambridge classes of the Liceo Marconi are about to start a new topic regarding **Pathogens & Immunity** we decided to ask them to design a t-shirt logo to bring more awareness to prevention measures during this difficult time. All the students from the **2C, 2V, 2O & 2I** participated and sent in their beautiful artwork. We wanted to share some of the best entries with you.

SEVERAL OF THE ENTRIES
FOCUSED ON LOVE IN THE
TIME OF COVID-19...

OTHERS FOCUSED ON PREVENTION MEASURES...

WHILE OTHERS STILL WERE CREATIVE AND HUMOROUS

but if we
#StayatHome
everything will be fine

WE HOPE YOU ENJOYED THESE AS MUCH AS WE DID. STAY SAFE.
